

## Angel's Nest Child Development Center Photographic Release

Angel's Nest CDC occasionally takes photographs of children at the center. These photos are used within the center ONLY.

Pictures are a very important tool for displays and documentation for the Desired Results Developmental Profile portfolios (DRDP) that we use to track your child's development. These pictures taken are for in house purposes only and will never be put on our website or on social media.

Please check if you do \_\_\_ or do not \_\_\_ authorize the use and reproduction of any photographs.
